WOTG	2 3/32" x 5 1/2"
HI-230	1 1/16" x 7 1/2"
plantation	3/4" x 5 1/2"

10 THINGS ABOUT

WINDSORONE
PROTECTED BOARDS

1 PROTECTED TO THE CORE; FULL PENETRATION

Because unlike the other guys, we're assuming you'll actually want to cut the material at some point.

2 PROTECTED AGAINST ROT, INSECTS & MOLD

Does *not* protect against your mother-in-law, hangovers, airport security, etc.

3 DURABLE FOR EXTERIOR & SAFE FOR INTERIOR

Gold Indoor Air Quality Rating, low VOC's and California Hippie Approved.

4 WEATHER RESISTANT SYSTEM (WRS™)

Water is for drinking, not trim boards.

5 MINIMIZES THE NATURAL TENDENCY TO DISTORT

Unlike the explanation your 16 yr old told you about how the family car ended up in the pond out on Rte 1.

6 NO KNOTS; YOUR BOARDS ARE ALWAYS CLEAR

Imagine that, you can actually use every foot you pay for.

7 PROTECTION NOT DIMINISHED

By shaping, planing, sanding, fastening or molding (actual use does not void the warranty).

8 THE CUT SURFACES ONLY NEED PRIMING

No need to also apply special protection (we took care of that for you).

9 BACKED BY A 30-YEAR LIMITED* WARRANTY

The "limitation" is you have to install it correctly (for one example see #8 again).

10 BUILD AMERICA: MANUFACTURED IN THE U.S.A.

Because everything else you bought was made in China.

INSTALLATION REMINDERS*

PRIME ALL CUTS!

MOISTURE CONTROL¹: Acclimate to the environment. For interior trim, store inside the structure until the products reach approx 8% moisture content. For exterior trim, store in locations such as a garage that is not heated & is well ventilated until about 14% moisture content. Do not install exterior trim boards with a moisture content over 18%. ¹see www.windsorone.com/moisturecontrol

KEEP MATERIAL COVERED: Store on stringers and out of the weather.

INSTALL 6" ABOVE GRADE: Trim should be installed always at least 6" from ground.

INSTALL 2" ABOVE ROOF: 2" breaks are crucial on the roof and flat surfaces (porches, decks, etc).

1/4" FROM FLASHING: Flashing is imperative; and always maintain a 1/4" gap for a capillary break.

***SEE FULL INSTALLATION INSTRUCTIONS.** WindsorONE should be stored, installed, handled & maintained correctly for the best performance. For complete installation guidelines & the WindsorONE Protected warranty, visit WindsorONE.com/install or call 888.229.7900.
