# Wireless Charging

Can be integrated with Corian® or Zodiaq®

Power up your projects with a DuPont™ Charging Surface.

Power up your projects with a DuPont™ charging surface. Now you can offer customers a solid surface that charges smart devices wirelessly.

## HOW TO POWER UP

- 1 Connect a receiver - a ring or charging case, to your smart device.
- 2 Put your device on the charging spot, and power up.

Charging Surface is compatible with nearly all smart devices when using a charging ring attachment.

DuPont™ Charging Surface is used in coffee shops around the world

Designated charging stations in airports allow travelers to stay charged up while waiting for their flight

Outfitting Corian® conference room tables with a charging station keeps everyone connected.

Hidden from view, this transmitter is mounted underneath the Corian® top and charges smart devices, tablets and more, wirelessly.

For phones that don't have built-in wireless charging support, charging rings are available that fit most smart devices.
