NOW STOCKING

BOLINGBROOK, IL

REAL STONE AESTHETIC

EASY TO INSTALL

PROTECTS FROM WATER DAMAGE

FLATS

IN STOCK

Belterra by Silvermine® offers a real stone appearance that complements and integrates seamlessly with multiple materials and home styles, creating balance and flow while providing patented water protection for your property.

- Realistic ledgestone look with sharp details and superior colors.
- Over 50 unique ledgestone panels for each color prevents the “repeat look”
- Integrated patented flashing system protects your home from water damage and requires less wall preparation than other mortarless and mortared products
- One of the lowest total cost solutions (material and labor) for almost every project

FLATS PRODUCT DETAILS

Length:	24"	Type:	Flats
Height:	6"	Use:	Int.& Ext. Walls
Width:	1.75"	Panel/Box:	8 - (8 sq ft)

Evening Gray

Dover Cliff

Marin Fog

Dakota Sunset

Monument Valley

Aspen Peak

INTEGRATED FLASHING SYSTEM

Silvermine's Patented Flashing and Fastening System is the only stone designed to keep water away from the wall. Other stone products are designed to bring the water behind the stone and drain between the stone and a water barrier.

CORNER PRODUCT DETAILS

A box of corners includes 8 panels, four panel 18" long and four panel are 24" long. An 18" panel pairs with a 24" panel to make a complete corner. Each box of corners will cover 2 vertical feet of the corner and provides 7 sq ft of coverage. Corners may be used as both outside corner and inside corner applications. Available in all 6 colors.
