1/2"x 34" high panels *(for 36" rail heights)*	SRG123424	24" Wide Low Iron Tempered Glass
	SRG123436	36" Wide Low Iron Tempered Glass
	SRG123439	39" Wide Low Iron Tempered Glass
	SRG123442	42" Wide Low Iron Tempered Glass
	SRG123445	45" Wide Low Iron Tempered Glass
	SRG123448	48" Wide Low Iron Tempered Glass
	SRG123454	54" Wide Low Iron Tempered Glass
1/2"x 40" high panels *(for 42" rail heights)*	SRG124024	24" Wide Low Iron Tempered Glass
	SRG124036	36" Wide Low Iron Tempered Glass
	SRG124039	39" Wide Low Iron Tempered Glass
	SRG124042	42" Wide Low Iron Tempered Glass
	SRG124045	45" Wide Low Iron Tempered Glass
	SRG124048	48" Wide Low Iron Tempered Glass
	SRG124054	54" Wide Low Iron Tempered Glass

- **Low Iron Glass:** Stunningly clear because it contains less than 1/10 of the iron present in typical clear glass. Traditional float glass will not be suitable to carry light and is not recommended to be used.
- **Dramatic Edge:** As its thickness increases, low iron glass gains a distinctive blue edge, while the transparency of the glass remains ultra-clear.
- **Customization:** is possible with glass etching services and glass etch acrylics to personalize or logo individual projects.
